Product Information

The flexibility of the fabric and the design allows the Northumberland to easily transverse bends, corners and changes in floor level. Whilst continuing to offer the weather protection and shade affiliated with a white fabric canopy.

A white tensile fabric canopy, the Northumberland is available in either a cantilever design, ideal in applications where two rows of uprights cannot be accommodated due to obstructions (E.g Existing services near a building, Doorways, Windows etc), or a Symmetric design with a central upright.
