

Modulock Bench

BX17 MOD

The Modulock Bench System offers very cost effective modular seating by using standard board sections which can be straight, mitred for corners, or curved in six different radii.

A wide range of interesting shapes can be made by combining standard board sections to make circles, part circles, squares, horseshoes, ovals, snakes and more complex arrangements.

The standard frames come in three types: intermediate frames, end frames and corner frames.

- Intermediate frames and corner frames have wider head-plates to take two sets of boards.
- End frames are inset by 50mm from the end of the board section when linear arrangements are specified.

Dimensions:

- Height: 482mm
- Width: 336mm
- Root Length: 400mm

Features:

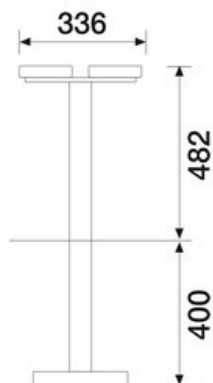

- Boards 32 x 145mm Iroko Slats as standard
 - 45 x 145mm Softwood Slats £POA
- Standard straight board sections are 1000mm long
- Iroko slats, root fixed or baseplate fixed
- Standard mitred corner board sections are 1200mm long
- Legs 60 x 3mm circular hollow, (76 x 2mm in stainless)
- Supplied with extended legs for concreting in as standard
- Base plate fixed but can also be submerged fixed for extra stability
