Product Information

The Trojan shelter has a traditional design of openness yet comfort. It features many vandal resistant elements and can seat up to 12 people. It is also available with wind deflectors and flat seating.

The Trojan can be installed onto an existing hard surface or into a turfed area with an option of various pads including tarmac, concrete or wet pour surface (soft surface). Base shelters are vandal resistant, high quality and durable which are ideal for unsupervised parks and recreational areas.

Features

- Mild steel to S275 J2H
- Manufactured using high quality steel, finished in a polyester powder coating available in a range of colours and has a 10 year guarantee

Materials Used

- Mild steel welded frames and purlin section made from heavy duty box section
