Product Information

Featuring stylish circular steel uprights, beautiful glulam roof supports and a mild steel and glazed roof. This stunning canopy can be adapted to fit around any application and will create a visual extravaganza to any of its onlookers. A beautiful architectural atrium canopy and walkway. The Francis Combe Canopy was originally designed for a project at Francis Combe Academy in Watford. The glazed structure was featured within a landlocked courtyard running along the inner elevation of the academy's new building, with differing heights to run parallel with the building's façade.

Features

- Steel columns and beams - Hot dip galvanized
- High level steel powder coated to a wide range of colours
- European larch glulam beams
- Patent glazing system
- Monopitch roof with glazing bars and pressure plates
- Powder coated to aluminium guttering and downpipes

Materials Used

- Steel columns and beams - Hot dip galvanised
- Cladding - Glazed Toughened Glass
- Aluminium guttering and downpipes

Finish Options (Framework)

- Galvanised to BS EN ISO 1461:2009
- Galvanised to BS EN ISO 1461:2009 & Polyester Powder Coated
