Product Information

The versatility of the Cambridge Cantilever design makes this shelter suited to a range of uses inclusive of covered walkways and entrance canopies. This architecturally pleasing design is constructed from heavy duty steel section and is assembled with anti-tamper proof high strength bolts. The walkway canopy also features a ClearView PETg UV roof allowing maximum light to flow through the structure, creating a relaxing and airy environment. This contemporary style shelter has the capabilities of adding extensions without drilling or welding. This product is protected by U.K. Design Registration Laws, which prohibit unauthorised copying in any form.
