The colours shown are a guide only.
Please check a colour chart to see the actual colour.

Product Information

The Exeter has four central uprights and cantilevers to the front and back, allowing the advantage of no uprights near the entrance itself. This makes it ideal in situations where foundations near the building can't be accommodated. A simple design complete with built in rainwater management draining through the uprights.

Features

- 4mm ClearView PETg UV roof
- Submerged fixing
- Integral guttering
- Welded end frames and purlin section made from heavy duty box section
- Assembled with anti-tamper high strength bolts
- Hot dipped galvanized to BS EN ISO 1461:2009

Materials Used

- Framework - Mild steel
- Cladding - 4mm Clear View PETg UV
- Fasteners - Zinc plated
- Cover Strips - Aluminium capex
