Timber Material:

Treated Redwood Timber

Product Information

The Buxton Locker is a robust storage unit crafted from durable redwood softwood cladding and reinforced with galvanised steel frames. It comfortably accommodates two bicycles and utilities, while also offering versatility to store scooters, bins, play equipment, and more. With its natural timber finish and recognisable sedum roof option, this storage solution blends seamlessly into any outdoor space.

Features

- Monopitch roof design
- Capacity for 2 cycles and utilities
- Steel frame galvanised to BS EN ISO 1461
- Hasp & staple locking mechanism
- Option to have access to cycles from the side or gable end of the locker

Materials Used

- Frame: Galvanised mild steel
- Slats: Redwood timber treated for external use
