50 Year Design Life

- To provide assurances that reasonable skill and care will be applied to the sale of our shelters and canopies, the following list of Eurocodes is followed in the design of all bespoke shelters/canopies, and is considered in all pre-designed shelter products also.
- BS EN 1990:2002+A1:2005 Eurocode – basis of structural design
- BS EN 1993-1-1:2005 Eurocode 3 – Design of steel structures
- BS EN 1991-1-3:2003 Eurocode 1 – Snow Loads
- BS EN 1991-1-4:2005 Eurocode 1 – Wind Actions
- BS EN ISO 1461:2009 Fabricated steelwork is hot-dip galvanised

34 Year Corrosion Resistance

Hot-dip galvanising (to EN ISO 1461) will offer an average of min. 34 years corrosion resistance. You can check your own corrosion rate at <http://www.galvanizing.org.uk/check-your-corrosion/>. This map tells the user what the average rate of corrosion is for their area, notwithstanding any additional protection offered by decorative powder coatings or painting.

8-10 Years PPC Life Expectancy

- On average the PPC offered by Broxap will carry a life expectancy of up to 8 years dependant on up-keep and visual preferences.
- A duplex coating is available, with a zinc rich primer undercoat, to offer enhanced resistance to separation and overall life expectancy of up to 50% longer
- These suggested life-expectancies are not a guarantee or a warranty

20 Year Warranty on Recycled Plastic Range

- 20 - 25 year warranty on recycled plastic range depending on product (not including fixings and gameboards)
- Beck, ODM & Nusser ranges all provide 5 year material defect warranty (not including natural expressions of the timber)
