

Self Weighted Rollaway Football Goal Posts - 16' x 7' BX/DC 2719/16X7/RX

Stadia Self Weighted 16' x 7' Elliptical Aluminium Football Goals are ideal for use on artificial surface pitches where the pitch is multi-use. Supplied as a pair. Nets available separately.

Also available as a [complete goal package](#) (includes 2 x goals, sockets, nets and net supports).

Stadia Self Weighted Football Goals are designed to be used on artificial surfaces or at football training grounds where the goals can be moved a short distance. These are extremely popular on 3G pitches. The goal posts are 9-a-side size 16' x 7' made from elliptical aluminium, sit freestanding on the ground when the wheels are disengaged and have a bolt on weighted back bar to prevent the goal from tipping forward (tested to BS EN 8462). No additional anchorage is required on this goal to meet the British standard below so is an all inclusive portable goal. Nets are supported with full international net supports that run from the crossbar to the backbar which offers additional strength.

- Professional goals with full length crossbars & uprights.
- Made in the UK.
- Tested to BS EN 8462.
- Manufactured from 100mm x 107mm elliptical x 2.5mm aluminium which incorporates 4 strengthening bars for maximum strength.
- Mitred corner joints complete with an internal, double 'L' shaped bracket and external bracket for the strongest fixing of aluminium football
